Understand Your Pharmacy Benefits

OptumRx provides Harvard Pilgrim members with retail, mail order and specialty pharmacy services, allowing you to have one manager for all pharmacy needs.

Log in to Your Secure Member Account to Look Up Your Prescriptions

We cover thousands of medications, but if your current prescription isn't on our list, talk to your doctor about switching to one that is covered.

Prescription Cost-sharing

The amount (copayment, deductible or coinsurance) you'll be responsible for paying, depends on your plan. The medications covered under your plan are organized into different tiers. Refer to your prescription drug plan documents for specific cost-sharing details and a description of the tiers.

Check if Your Prescription Has Special Requirements

If there is a "PA," "STPA," "QL" or "SP" after any of your prescriptions, talk to your provider.

Plan Ahead if You Take Maintenance Medication

Maintenance medications are prescriptions taken regularly for ongoing conditions, such as high blood pressure or diabetes. Check your medication expiration date, refill amount and coverage by logging into your secure online account.

Save Money With Mail Order Service

Mail order service provides the convenience of home delivery instead of going to a retail pharmacy. On some plans, your medication may be less expensive if you buy a 90-day supply through this service.

Know Your Care Options

Health care isn't one-size-fits-all. Knowing where to seek care for your situation can save you time and money. As a Harvard Pilgrim member, you and your dependents have access to a variety of options:

When to See Your Primary Care Provider (PCP)

For annual checkups and physicals, as well as non-urgent needs such as preventive screenings and immunizations, your PCP is best suited to coordinate your care. They may also offer virtual health care services for even greater convenience.

When to Use Virtual Care, Through Doctor On Demand

You can request a virtual visit with a U.S.-based doctor 24/7 for non-emergency conditions such as upper respiratory infection, upset stomach or skin rash using live video or voice call with your smartphone, tablet or computer. You can also access confidential therapy and build an ongoing relationship with the provider of your choice.

When to Go to a Retail Clinic

Retail clinics, such as CVS MinuteClinic® and Walgreens Healthcare Clinic, are a good option when you're experiencing mild symptoms such as an ear infection or skin conditions like poison ivy, and you want a health professional to check it out without an appointment.

When to Visit an Urgent Care Center

You can visit an urgent care center without an appointment for situations that need immediate treatment but are not considered life-threatening, such as minor burns or cuts that may require stitches.

When to Visit the Emergency Room

If you think you're having a medical emergency and your life is in danger, call 911 or go to the nearest emergency room. Examples include severe chest or abdominal pain or serious injury.

Condition Management

If you are looking for support with a health concern or condition, our team of care managers are here to help coordinate care to your specific needs. This service is included in your Harvard Pilgrim plan at no additional cost.

Our team is here to provide confidential support if:

- Your doctor says you need surgery
- You or someone you love has been diagnosed with diabetes, asthma, heart disease, depression or another chronic condition
- You're considering getting pregnant or you just found out you're pregnant
- You need help managing your medications
- You want to make lifestyle changes such as weight loss and increased physical activity

We will coordinate with your providers to be sure your care plan and services are effective and supportive of your individual needs.

Call us at **866-750-2068** to get the conversation started.

Our Care Team is available Monday-Friday, from 8:30 a.m.-5 p.m.

Key Terms

Coinsurance

This is a fixed percentage of costs that you pay for covered services. For example, if you have a plan with coinsurance, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid an annual deductible.

Copayments

A fixed dollar amount that you pay for a covered medical service, prescription or medication.

Cost-sharing

Your out-of-pocket costs for services included within your health plan including copayments, deductibles and coinsurance.

Deductible

The amount you owe or pay out-of-pocket during a coverage period (usually one year) for covered health care services before your plan begins to pay.

In-Network

Generally, this describes coverage for care that POS and PPO members receive from participating providers in the Harvard Pilgrim network. In-network coverage typically costs less than out-of-network coverage.

Non-Covered (NC)

Medications that are not currently covered by Harvard Pilgrim.

Out-of-Network

Out-of-network coverage applies only to POS and PPO plans. Harvard Pilgrim will cover care that POS and PPO members receive from non-participating providers, but it usually costs more than in-network coverage.

Out-of-Pocket Maximum

This is a limit on the total amount of cost-sharing you have to pay annually for covered services. This generally includes copayments, coinsurance and deductibles. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

Premium

This is the monthly cost of your health insurance coverage.

Prior Authorization (PA)

The need for your provider to tell us why it is medically necessary for you to receive a covered medication or service.

Quantity Limitation (QL)

The quantity limit for a medication that can be purchased at any one time. A common QL is a 30-day supply.

Tier

Medical plans often place providers and hospitals in different categories, or tiers, with different cost-sharing amounts. Typically, you'll save money when you see Tier 1 providers.

harvardpilgrim.org/keyterms

Important Information About Your Plan

The following information refers to plans offered by Harvard Pilgrim Health Care and its affiliates ("Harvard Pilgrim").

When You Need Care

If your doctor admits you to a hospital for a test, surgery or other procedure, including admission for surgical day care, hospital representatives are responsible for notifying Harvard Pilgrim on your behalf. There are a few procedures that require Harvard Pilgrim's authorization, and your doctor is aware of the procedures they must discuss with us before they take place.

To find out where our participating doctors admit patients, visit our online directory at [harvardpilgrim.org](https://www.harvardpilgrim.org). Or you can call one of the phone numbers at the end of this document to have one of our representatives assist you.

Harvard Pilgrim requires prior authorization (prospective review of medical necessity and clinical appropriateness) for selected medications, procedures, services and items. The prior authorization process is used to verify member eligibility and facilitate the appropriate utilization of these elective, non-urgent services. Visit [harvardpilgrim.org](https://www.harvardpilgrim.org) to see Prior Authorization for Care details.

When you're in the hospital, Harvard Pilgrim's nurse care managers are available to work with your doctors and other providers to ensure that you receive the care you need. They may evaluate the quality and appropriateness of the services you receive, and when you no longer need hospital care, will work with your medical team to coordinate the services you need in an appropriate clinical setting (e.g., at home, or in a skilled nursing or rehabilitation facility).

In situations where Harvard Pilgrim was not notified of services (e.g., when a member was unable to give insurance information to providers), a post-service review may be completed to evaluate proper use of services or to identify quality of care issues.

Appeals

You may file a complaint about a coverage decision or appeal that decision with Harvard Pilgrim. For details, see your Benefit Handbook.

To access your Benefit Handbook online, log into your secure online account on [harvardpilgrim.org](https://www.harvardpilgrim.org), click on More Tasks from your Member Dashboard and select View My Plan Documents under Documents. For assistance, call Member Services at **888-333-4742**.

Medical Coverage & Cost-Sharing Guide

HMO HSA

With this plan, you will need to receive care from medical professionals and hospitals that participate in Harvard Pilgrim's provider network, except in a medical emergency. Otherwise, you will be responsible for paying all charges.

- **In-network coverage only**
- **PCP required**
- **Referrals needed for most specialists**
- **Annual deductible for most services**
- **Health Savings Account (HSA) option**

A primary care provider (PCP) is key to good health

A PCP is the doctor, nurse practitioner or other qualified medical professional you see for annual checkups and for treatment when you're sick or injured.

- Because this plan requires you to have a PCP, we will assign one to you automatically if we don't have one on file for you or if you don't select one when you enroll.
- You and each of your dependents can choose different PCPs from our network of participating providers.
- Find a PCP or see if your current provider is in our network at harvardpilgrim.org/providerdirectory

Getting care with the HMO HSA plan

Routine and preventive care*

There's no extra charge for routine annual exams with your PCP and many preventive tests and services. Other tests and services your PCP orders may require cost-sharing.

Specialty care

You will need your PCP's referral before your plan will cover most kinds of specialty care (e.g., dermatology, physical therapy, etc.). Certain types of visits (e.g., routine eye exams and OB-GYN care) do not require referrals.

Hospital care

You will need a referral from your PCP or specialist for any tests, surgery or treatment you receive at a participating hospital, except in a medical emergency. If you are admitted to the hospital from the emergency room, call your PCP to arrange for any follow-up care you may need.

Behavioral health care**

Your plan covers in-person visits with thousands of participating licensed clinicians; you do not need a referral. Virtual visits via smartphone, tablet or computer are also available.

Care when you're traveling

Your plan covers emergency care if you get sick or injured anywhere in the world.

Acupuncture and chiropractic treatments

Acupuncture and chiropractic benefits are included without referrals on most plans.

Urgent and emergency care

If you have a non-life-threatening illness or injury and your doctor's office is closed, you have a variety of options for getting care. Of course, if you think you're having a medical emergency, go to the emergency room or call 911. Learn more about your care options at [harvardpilgrim.org/urgentcareoptions](https://www.harvardpilgrim.org/urgentcareoptions)

*Preventive services that fall under the federal Affordable Care Act.

**Not all employer-sponsored plans offer behavioral health benefits through Harvard Pilgrim.

Take advantage of an HSA

With this plan, you can set up an HSA, provided you meet Internal Revenue Service eligibility guidelines. You can use HSA funds to help pay for qualified health care expenses or save them for future health care needs. Both you and your employer can contribute to your HSA, which may be available through your company or through a bank.

- Your interest earnings and withdrawals for qualified health care expenses are tax-free.
- Any unused amounts in your HSA carry over from year to year.
- You can contribute to your account through pre-tax deductions, which lowers your taxable income.
- Once you establish your HSA, you can use it to pay for all eligible expenses tax-free for the rest of your life. If you no longer meet eligibility guidelines (e.g., you enroll in a new plan that's not HSA-qualified), you lose only your ability to make additional contributions.
- Your HSA is portable — when you change jobs or retire, your money stays with you.

Cost-sharing overview

No cost-sharing:

Routine & preventive care*

- Annual checkup with your PCP
- Preventive screenings and tests
- Immunizations, including flu shots
- Routine prenatal and postpartum visits

Cost-sharing may apply:

PCP and specialist visits, diagnostic tests & services, hospital services

- Visits to your provider when you're sick or injured
- Diagnostic screenings and tests outside of preventive care
- X-rays, CT scans and MRIs
- Inpatient and outpatient hospital care
- Emergency room visits
- Prescription drugs**

What you pay for services

Cost-sharing is the portion you pay for specific services like office visits, X-rays and prescriptions.** Copayments, deductibles and coinsurance are examples of cost-sharing.

Coinsurance: A fixed percentage of costs you pay for covered services. For example, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid your full annual deductible.

Copayment: A flat dollar amount you pay for certain services on your plan. You may have different copayments for different services (e.g., primary care visits, specialist visits and prescription drugs). Copayments are normally due when you have your appointment or pick up prescriptions at the pharmacy.

Deductible: A set amount of money you pay out of your own pocket for certain covered services. If you have a \$2,000 annual deductible, for example, you will have to pay \$2,000 worth of charges before Harvard Pilgrim helps pay. Copayments and coinsurance do not count toward your deductible.

Out-of-pocket maximum: A limit on the total amount of cost-sharing you pay annually for covered services. This generally includes copayments, deductibles and coinsurance. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

See the Schedule of Benefits for more details on your coverage and cost-sharing amounts.

Learn more at [harvardpilgrim.org](https://www.harvardpilgrim.org) or call member services at 888-333-4742

* Preventive services that fall under the federal Affordable Care Act.

** Not all employer-sponsored plans offer Harvard Pilgrim prescription drug benefits.

- Certain over-the-counter medications

What is not covered?

- Most brand-name drugs with generic equivalents
- Cosmetic drugs
- Some brand-name and higher-cost generic drugs

Are there limitations on certain drugs?

Yes, we may limit the quantity of some drugs we cover. For example, you may be able to receive only a certain number of pills or doses.

Do some drugs require prior authorization?

Yes, certain drugs do require prior authorization. This process helps us ensure that you are using the most effective and safe medications for your health conditions. Your prescriber must request prior authorization on your behalf.

Can I request an exception?

Yes. If you need a drug that we either don't cover or limit, you or your provider can ask us for an exception. For details, visit [harvardpilgrim.org/rx](https://www.harvardpilgrim.org/rx). Choose the year and then **Value 4-Tier** for information on exceptions.

What is step therapy?

Step therapy is a process that requires you to first try one drug for a medical condition before we cover another drug for that condition. For example, if Drug A and Drug B both treat the same medical condition, we may require you to try Drug A first. If Drug A does not work, then we will cover Drug B.*

How can I learn more?

Use our online Prescription Drug List to find out which drugs we cover. It will show you which ones have quantity limits or require prior authorization or step therapy. Visit [harvardpilgrim.org/rx](https://www.harvardpilgrim.org/rx) and choose the year and then **Value 4-Tier**. Use the Prescription Drug Lookup to find out which over-the-counter medications are included in Tier 1. Ask your provider to write a prescription for the generic version and have it filled at a participating pharmacy.

Filling Your Prescriptions

Where can I get my prescriptions filled?

You can get your prescriptions filled at any of the more than 68,000 retail pharmacies that belong to our national participating pharmacy network. To confirm whether your pharmacy is in the network, visit harvardpilgrim.org/rx, choose the year and then **Value 4-Tier** to find participating pharmacies.

Can I get a 90-day supply?

If you take maintenance medications (i.e., ones you take continually for conditions such as heart disease, diabetes or depression), you can get a 90-day supply from many retail pharmacies or through our mail order program. Although most maintenance medications are appropriate for mail order, we may exclude drugs from the program for clinical reasons or to prevent potential waste.

To learn more, visit harvardpilgrim.org/rx, choose the year and then **Value 4-Tier** for details. Depending on your coverage, your cost sharing may be lower when you get these drugs through the mail order program.

If you have questions about your prescription drugs, please speak with your doctor.

What if I take specialty medications?

If you take medications for conditions such as hepatitis C, multiple sclerosis or rheumatoid arthritis, your provider must order your prescriptions through our designated specialty pharmacy. Visit harvardpilgrim.org/rx for information on our specialty pharmacy program, choose the year and then **Value 4-Tier** for details.

What do I pay for my medications?

Depending on your plan, your payments — also called “cost sharing” — may include a combination of copayments, coinsurance and a deductible. Refer to the Prescription Drug Coverage insert or Schedule of Benefits to find out what you will pay when you pick up prescriptions at the pharmacy.

Preventive Drug Benefit for HSA Plans

Effective January 1, 2025

Value formulary

Your coverage includes a preventive drug benefit. This means that preventive drugs (medications to help prevent chronic conditions and illnesses) are covered outside of your plan's deductible. Instead, you will pay the applicable copayment or coinsurance amount.

Over-the-counter products are not included in this benefit.

This is a list of the most commonly prescribed preventive drugs. Limitations and restrictions may apply. Brand-name drugs have a capital letter; all others are generic drugs.

Coverage for Over-the-Counter Medications

Your health plan includes coverage for certain generic over-the-counter (OTC) medications. This means cost savings on the essentials in your medicine cabinet.

Here's how it works:

- › Use the online lookup tool at harvardpilgrim.org/rx to see which OTC medications you take are covered.
- › Ask your provider to write a prescription for the covered medication, for up to a 90-day supply.
- › Bring the prescription to any in-network pharmacy* so that the pharmacist can give you the proper medication.
- › You pay Tier 1 cost sharing instead of the retail price. If you have an HSA plan, you pay either our discounted rate or the retail cost, whichever is lower, until you meet your deductible, and then Tier 1 cost sharing applies.

There's another advantage: because your provider will be giving you a prescription for the OTC medications you take, your medical records will have a more complete medication history.

Below are the types of OTC medications that are covered along with a complete listing by medication:

| Type of Therapy | Purpose |
|---|--|
|  Cough, cold, allergy | <ul style="list-style-type: none">› Antitussive (cough suppressant)› Expectorant› Nasal decongestant› Antihistamine› Nasal spray |

| Are there services covered before you meet your <u>deductible</u>? | Yes: <u>preventive care</u> , routine eye exams, are covered before you meet your <u>deductibles</u> . | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But, a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ |
| Are there other <u>deductibles</u> for specific services? | No. | You don't have to meet <u>deductibles</u> for specific services |
| What is the <u>out-of-pocket limit</u> for this <u>plan</u>? | \$6,450 member/ \$12,900 family | The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limit</u> until the overall family <u>out-of-pocket limit</u> has been met. |

| Important Questions | Answers | Why This Matters |
|--|--|--|
| What is not included in the <u>out-of-pocket limit</u> ? | <u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover. | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> . |
| Will you pay less if you use a <u>network provider</u> ? | Yes. See https://www.harvardpilgrim.org/public/find-a-provider or call 1-888-333-4742 for a list of <u>network providers</u> . | This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays (<u>balance-billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |

Prescription Drug Coverage

VALUE 4 TIER

Covered prescription medications are available at participating pharmacies.

Covered prescription drugs are subject to your plan's Deductible (for Access America and PPO plans, covered prescriptions are subject to the In-Network Deductible). This means that you need to pay the full cost of your medications until you reach the required Deductible amount. The full cost will be the lower of the participating pharmacy's retail price or the price of the medication at Harvard Pilgrim's discount rate. See the *Schedule of Benefits* for your plan's Deductible amount. Once you meet the Deductible for the year, you pay either a Copayment or Coinsurance.

Your plan includes the Preventive Drug Benefit. This means that certain medications that help prevent chronic conditions and illnesses are exempt from the Deductible. However, you are still subject to any applicable Copayment or Coinsurance listed in the table below. Visit www.harvardpilgrim.org/2024Value4T for more information.

| | Retail | Mail (up to a 90-day supply) |
|--------|--|---|
| Tier 1 | Up to a 30-day supply: Deductible, then \$10 Copayment per prescription or prescription refill Up to a 90-day supply: Deductible, then \$30 Copayment per prescription or prescription refill | Deductible, then \$20 Copayment per prescription or prescription refill |
| Tier 2 | Up to a 30-day supply: Deductible, then \$35 Copayment per prescription or prescription refill Up to a 90-day supply: Deductible, then \$105 Copayment per prescription or prescription refill | Deductible, then \$70 Copayment per prescription or prescription refill |
| Tier 3 | Up to a 30-day supply: Deductible, then \$60 Copayment per prescription or prescription refill Up to a 90-day supply: Deductible, then \$180 Copayment per prescription or prescription refill | Deductible, then \$120 Copayment per prescription or prescription refill |
| Tier 4 | Up to a 30-day supply: Deductible, then 30% Coinsurance* up to a maximum Coinsurance of \$250 per prescription or refill Up to a 90-day supply: Deductible, then 30% Coinsurance* up to a maximum Coinsurance of \$750 per prescription or refill | Deductible, then 30% Coinsurance* up to a maximum Coinsurance of \$500 per prescription or refill |

*Once the Deductible is met, Coinsurance is based on the full cost of the medication, up to a maximum dollar amount for each prescription. The full cost will be the lower of the participating pharmacy's retail price or the price of the medication at Harvard Pilgrim's discount rate.

You may purchase up to a 90-day supply of maintenance medications from certain Maine retail pharmacies. When you obtain a 90-day prescription from one of these Maine retail pharmacies, you will pay the Mail Service Prescription Drug Program Member Cost Sharing. Although most maintenance medications are available for a 90-day supply, we may limit drugs for clinical reasons or to prevent potential waste. In addition, specialty drugs, discussed above, are not available for a 90-day supply.

Your plan has an annual out-of-pocket maximum, which is listed on the Schedule of Benefits. Once you have reached the out-of-pocket maximum (including Deductible, Copayment and Coinsurance amounts), your prescriptions are covered in full for the rest of the year with no other cost sharing required.

Visit **www.harvardpilgrim.org/2024Value4T** for participating pharmacy locations and mail order details. Be sure to show your Harvard Pilgrim ID card at the pharmacy to ensure you pay the correct cost-sharing amounts.
